Structures in Hochschild cohomology - Erratum

Pablo S. Ocal

April 22, 2020

Slide 17: We indeed use the full power of Volkov's results.

Slide 18: There was a technical issue recording the audio. I intended to discuss the interconnection of the results mentioned in the talk: Negron and Witherspoon's is an enabling result, and Volkov's result is "secretly" but not directly used by Grimley, Nguyen, and Witherspoon. The unlabeled arrows should be read as "used for".
