

NAME AND NETID:

Please **read and initial** each and every one of the following statements.

1. An absence for a non-acute medical service or regular check-up does not constitute an excused absence. To be excused, I must notify the instructor in writing (email preferred) **prior** to the date of absence if possible. Consistent with Texas A&M Student Rules, students are required to notify their instructor by the end of the second working day after missing an assignment; otherwise, they forfeit their rights to a make-up.
2. I understand that this course has weekly lectures. I understand that there are graded homework assignments in WebAssign. I understand that the resources for Math 141 include weekly review lectures, help sessions and online practice materials. Many of these are linked in the class webpage:

<https://www.math.tamu.edu/~pso/Teaching/FMATH1412019/>

3. I understand that if my printed **name and NetID** are not on the quizzes I hand in, I will lose points.
4. Once I leave with my graded exam, quiz, or assignment, I accept its grade.
5. Due to privacy issues, grades cannot be discussed over email or phone.
6. For every exam, I must bring my **student ID, a pen, a pencil, and eraser and clear my calculator's memory before and after the exam**. Otherwise, I will lose points.
7. I will **bring 2 blank Aggie scantrons to the final exam**. Failure to do so will result in a loss of points and/or further penalties.
8. I know the Aggie Code of Honor: *An Aggie does not lie, cheat, or steal or tolerate those who do*. I will abide by this rule and if I see something, I will say something.
9. I will check my grades on eCampus after every exam grade is posted. Errors in posted scores **must** be reported within 3 days of the update.
10. All work must be written in pencil or black/dark blue ink. Work shown in other colors may be penalized.

You must choose **only one** of the options below to initial. If you initial both, the first option will be the valid one.

1. My initials here allow me to pick up my graded assignments from an alphabetized stack at the front of the room. Even though grades will be concealed, I understand that it may still be possible for someone else to view my grade.
2. My initials here mean that I must show my Texas A&M student ID to my instructor to pick up my graded assignments. In this case, to allow the instructor to verify the validity of the documentation presented, here I provide my UIN.
